CAPRI

Style with charm and privacy

Elegant and streamlined, Capri is a classic awning designed to bring style to your windows with discretion and simplicity. Its slim lines are essential, but still sufficient to assure the incredible strength of its structure, strong enough to allow up to 20' widths.

Ideal to protect immediate indoor areas from overheating and UV rays, Capri can operate either manually or electrically and is offered in white, brown, cream, or gray powder coated finished aluminum. Outfit your Capri in one of hundreds of brilliant color fabrics!

When completely rolled up, Capri can rest discretely above your window. When rolled out, its spring-loaded arms conveniently reach any desired position in a matter of seconds, making this retractable awning the ideal response to high noon or low afternoon sun. If provided with extra fabric, Capri can also be lowered 180 degrees down for total window privacy.

Created to dress small or large windows, this drop arm retractable awning is easy to install and operate, and it is the modern response to rectangular stationary awnings.

Product Features

Durable.

Engineered to satisfy the most stringent mechanical requirements, its arms are tested to last twice the expected life span commonly referred to by the industry and its stainless steel cables are protected with an UV resistant coating to increase their endurance.

Beautiful.

Capri's sleek design has been achieved to enhance the value of your home. With the extensive variety of colors offered today by hundreds of vivid fabrics, the finish of its parts, its compact look when totally retracted, and the flexuosity of its arms when fully extended, Capri has the look you want.

Elegant.

They say elegance is to stand inconspicuously. So, the discrete design of Capri is meant to blend with the siding of your house while extending its presence to your immediate outdoor lending graceful ambiance to any setting. You will appreciate Capri generous size and uncommon strength.

Dependable.

Built only with the finest materials, Capri frames are finished with electrostatic powder coated epoxy paint on all its parts to assure the most durable and yet elegant finishing against chipping, cracking, and fading. Like all Alutex products, Capri is covered by a ten-year warranty.

When completely rolled up, Capri rests discretely above your window.

When rolled out, its spring-loaded arms conveniently reach any desired position in a matter of seconds.

Capri brackets are very discrete and designed to fit in 4". They can be installed either on walls or under a soffit.

Capri's arms are spring loaded to maintain constant tension in the fabric even under moderate wind loads.

CAUTIONARY AND IMPORTANT OPERATING INFORMATION: Retractable Awnings contain strong springs under tension. Retractable awnings are specifically designed to be retracted under inclement weather conditions and be used primarily for sun protection. They are not designed to withstand high winds, heavy rain or snow. During those times, awnings must be fully retracted to prevent damages not covered by warranty.
