ECLIPSE

Light and Elegant

Eclipse is Alutex's answer to affordability without compromising elegance and quality. Designed to provide a class by itself of retractable lateral arm awnings, Eclipse combines the outstanding quality of an Alutex frame with the cheerful colors of hundreds of solution dyed fabrics to enhance the beauty of your home.

Maintenance-free, Eclipse will provide years of reliable satisfaction and protection from UV rays for you and your family.

Easy to control, electrically or by the turn of a gear, when fully retracted Eclipse discretely rests within a few inches from the wall eliminating any need for winter storage.

Strong, elegant, and yet affordable, Eclipse is built with the highest quality components. The strength of its parts allows to extend its width up to 20', with a maximum projection of 10'. Exclusively produced in a glossy white powder-coated finish, Eclipse blends with any siding or fabric pattern.

Product Features

Durable.

Engineered to satisfy the most stringent mechanical requirements, its arms are tested to last twice the expected life span commonly referred to by the industry and its stainless steel cables are protected with an UV resistant coating to increase their endurance.

Beautiful.

Eclipse's sleek design has been achieved to enhance the value of your home or storefront. With the extensive variety of colors offered today by hundreds of vivid fabrics, the finish of its parts, its compact look when totally retracted, and the simple design of its arms when fully extended, Eclipse has the look you want.

Elegant.

The discrete design of Eclipse is meant to blend with your home while extending its presence to your immediate outdoor lending graceful ambiance to any setting. You will appreciate Eclipse uncommon strength.

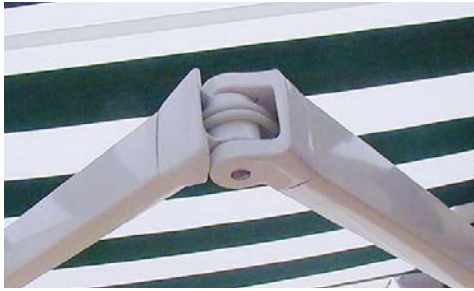

Dependable.

Built only with the finest materials, Eclipse's frames are finished with electrostatic powder coated epoxy paint on all its parts to assure the most durable and yet elegant finishing against chipping, cracking, and fading. Like all Alutex Awning products, Eclipse is covered by a ten-year warranty..

Product Highlights

Strong, elegant and yet affordable, Eclipse is built with the highest quality components.

The strength of its parts allows to extend its projection to 10' and the tension of its arms is maintained trough double stainless steel cables protected by UV resistant coating.

Eclipse standard lock pitch system carries a life time warranty and is provided like all the rest of its parts with stainless steel hardware.

Eclipse employs electrostatic powder coated epoxy paint on all its aluminum parts, brackets and back structural square tube to assure the most durable and yet elegant finishes against chipping and cracking.

Exclusively produced in glossy white powdered coating finish, Eclipse' frame blends perfectly with any siding or fabric patterns.

Thanks to the reduced height of its brackets, Eclipse allows installations in as little as 5 1/4" high space.

Leg Kit	Optional
Standard Frame Color	White
	
Custom Frame Color	Any RAL color (on request)
Frame Warranty	10 Years

CAUTIONARY AND IMPORTANT OPERATING INFORMATION: Retractable Awnings contain strong springs under tension. Retractable awnings are specifically designed to be retracted under inclement weather conditions and be used primarily for sun protection. They are not designed to withstand high winds, heavy rain or snow. During those times, awnings must be fully retracted to prevent damages not covered by warranty.
